EDUCATION

Vignan's Institute of Information Technology

B.Tech in AI & DataScience, CGPA: 9.36 (Up to 5th Semester)

2022-2025

Duvvada,
Visakhapatnam

TECHNICAL SKILLS

Programming: C, Python, Java

Frameworks and tools: HTML5, CSS 3, JavaScript, MongoDB, VS Code ,MySQL

Cloud Platforms : AWS(Basics)

Core Subjects: Data Structures and Algorithms, Computer Networks, DBMS

Soft Skills: Leadership Qualities, Adaptability and Flexibility, Time Management Skills, Team Collaboration

WORK EXPERIENCE

Python Programming Intern - CodingRaja Technologies (AICTE Approved) -Virtual

May 2024-June 2024

- Developed small-scale Python solutions and automated backend tasks for basic real-world use cases.
- Strengthened understanding of core Python concepts through task-based learning and scripting practice.

AWS Data Engineering Intern - Eduskills (AICTE Approved)-Virtual

Oct 2024-Dec 2024

- Gained hands-on exposure to AWS services and data pipelines for cloud-based processing.

Data Science Intern - Infosys Springboard-Pragati: Path to Future Program (Cohort 5)

Apr 2025-Present

- Currently building strong foundational and practical skills in datascience.
- Actively participating in certified self-learning courses and live sessions with the Infosys Team.

PROJECT EXPERIENCE

- **Interactive eLearning Module**

-Web development project - [Live Demo](#)

-Developed animated countdowns, quiz assessments with scoring, and feedback systems.

Tech Used : HTML5, CSS3, JavaScript, GitHub Pages, VS Code, Multimedia Integration.

- **Lane Line Detection Using OpenCV and Python**

-Real-time visual guidance for autonomous driving simulations.

-Detected road lanes and issued directional guidance.

Tech used : OpenCV, Python ,NumPy.

- **Plant Disease Detection using CNN**

-Built a CNN model to detect plant diseases from leaf images.

-Trained the model using Python and image datasets for accurate classification.

Tech used : Python , TensorFlow ,Keras , NumPy , Jupyter Notebook.

CERTIFICATIONS

- Cisco – Networking & Cybersecurity
- NPTEL – Python for Data Science, DL for NLP
- AWS Academy – AI/ML ,Android Developer
- Frontend Certification – Infosys Springboard

ACHIEVEMENTS

- Academic Excellence Award – Vizag Development Council, VIIT.
- Took part in a tech-focused National Ideathon,2023.
- Participated in 24-Hour Hackathon by GDG, WTM, Vizag 2025- Accelerating Drug Discovery with Gen AI.
